B20 "DND & MUR" SWITCH

FEATURES :
The "Do Not Disturb" & "Make Up Room" indicators are using
Built-in LED indicator which provides longer lifespan with less power.

B21BPD

Bell Push Switch with
"Do Not Disturb" Indicator.

SPECIFICATIONS
Voltage   : 220 VAC, 50/60 Hz
Dimension   : 80 x 80 mm
Mounting Centre : 60,3 mm

B21BPDM

Bell Push Switch with
"Do Not Disturb" &
"Make Up Room" Indicator.

SPECIFICATIONS
Voltage   : 220 VAC, 50/60 Hz
Dimension   : 80 x 80 mm
Mounting Centre : 60,3 mm

MOUNTING INSTRUCTION

1. Align and place the baseplate on the wall box and then fasten
   the screw on both sides.

2. To install the cover, align cover locking clip onto the baseplate and
   press firmly on the cover until you hear a clear "click" sound.

REMOVING THE COVER

To remove the cover :
1. Insert a screwdriver between the
   cover and the wall surface carefully,
   then twist the screwdriver to dislodge
   the cover from the baseplate.
2 Use the other hand to support and
   remove the cover.

ATTENTION :
Electrical installation must be
carried out by a qualified electrician.

Product specification and Information in this publication can change at any time without prior notice.
